DESCRIPTION

The Dual-Tier Pro collection is an upgrade to Ruvati's patented dual-tier sinks: it features rounded inside corners and edges for easy cleaning. The collection features two tiers of tracks on top of one another that allow for more accessories, further function, and endless possibilities for your kitchen design. This collection also features an offset drain paired with Ruvati's innovative 1-inch slope bottom®. Unique to this collection, along with the classic cutting board and patented foldable drying rack combination, each Dual-Tier Pro sink includes a 3-bowl mixing tray and mixing bowl/colander set with a hardwood platform. With its substantial size, striking style, and an abundance of built-in accessories, the Dual-Tier Pro collection from Ruvati truly redefines the kitchen space and experience.

- PATENTED DUAL-TIER LEDGE: Overhanging ledges on the front and back provide two levels of tracks for sliding the built-in accessories.
- LEDGEFIT®: Sink is compatible with 40 optional LedgeFit® accessories that are interchangeable between different Ruvati workstation sinks, giving you endless kitchen customization options, now and into the future.
- INNOVATIVE SLOPE-BOTTOM®: Bottom of the sink has a 1-inch slope towards the drain ensuring that all water and debris rushes towards the drain.
- OFFSET DRAIN: Sink can be installed with the drain on the left or right side providing extra under-cabinet space for storage.
- GENTLY ROUNDED CORNERS and edges for easy cleaning.
- 16 GAUGE STAINLESS STEEL: Premium T-304 Grade (18/10 Chromium/Nickel) will never rust or stain.
- COMMERCIAL-GRADE BRUSHED FINISH: Easy to clean and long-lasting - hides scratches and matches well with your kitchen appliances.
- UNDERMOUNT INSTALLATION AND ROUNDED INSIDE CORNERS: Cutout templates and mounting clips are provided.
- INCLUDES WOOD PLATFORM WITH MIXING BOWL AND COLANDER: Can be used on both upper and lower tiers.
- INCLUDES 3 BOWL SERVING BOARD: Slides on the upper tier - perfect for serving condiments, cutting fruits and veggies, and preparing salsa.
- FOLDABLE DRYING RACK (Patented): Constructed of stainless steel bars and a flexible silicone frame - ideal as a dish-drying rack.
- SOLID HARDWOOD CUTTING BOARD: Flat on one side and tray with raised edges on the other - can be used on both upper and lower tiers (17-inch x 16-inch).
- PROTECTIVE BOTTOM GRID: Made of stainless steel – this grid protects the bottom of your sink from impact and scratches and allows water to flow freely.
- EXTERIOR DIMENSIONS: 33-1/2″ (wide) x 19″ (front-to-back)
- INTERIOR BOWL DIMENSIONS: 31-7/8″ (wide) x 14-5/8″ (front-to-back) x 9.87″ (bowl depth)

that comes with your garbage disposal.
- Included in box: Sink, reversible cutting board/tray, wood platform with mixing bowl and colander attachments, 3-bowl condiment tray, foldable stainless steel drying rack, bottom rinse grid, basket strainer drain, decorative drain cover, cut-out template and mounting brackets
- cUPC certified and tested by IAPMO to meet all US and Canadian plumbing standards
- Ruvati USA Limited Lifetime Warranty

Ruvati 45” workstation sink

I purchased the 45” Ruvati workstation stainless sink — it is a Great set up. Multiple people can work side by side. Has grates in bottom of sink so stainless sink doesn’t get scratched. The cutting board is fabulous and fits right into the sink ledge for easy use and clean. I put in dual sensor faucets and am so happy I did that. Faucets are easy to install and use — no hands needed to turn on/off when your hands are dirty. When cleaning the sink I simply raise the grates and clean underneath with the faucet sprayer. This sink is fabulous especially during holidays when lots of people are in the kitchen at the same time. It also has a stainless drying rack that sits on the sink ledge for quick drying dishes. Perfect sink. I highly recommend it to anyone as well as the dual sensor faucets. You’ll be happy in the end.

Just get this sink!!!

We finally remodeled our kitchen after 20 years of waiting. When I found this sink I couldn't say no, even though I felt a little piggish. I mean, WHO has a 45-inch sink in their Home kitchen?? Let me tell you, this is one of the best purchases I've ever made! You will use this space more than any other! The dual tiers are so ridiculously functional, you'll feel sorry for your friends who don't have this. And the size means you'll never wish you had more space. A year later and I'm just hitting my stride in the new kitchen, and I adore the Dual Tier Pro 45-inch. Just get it…really!!!

Quality-Excellence-Flexible Accessories

45" Dual Tier Pro workstation is awesome in look, feel, and function! I'm so happy, happy, happy with decision for Ruvati stainless steel over other brand and material such as granite type. the Pro version has easy rounded corners for cleaning. The accessories put purchase over-the-top with flexibility to work at the sink. The accessories keep all the mess of vegetable cleaning and prepping at the sink for easy and quick cleanup. Impressed by the thickness and weight of accessories. The installers commented on how solid unit was for attaching to quartz countertop (not flimsy twisting moving). The 45" sits beautifully in front of 8 ft set of windows looking balanced and perfect fit for kitchen design.

Incentivized Review

that I purchased from Home Depot after seeing (and being thoroughly impressed by) a single tier ledge RUVAIT kitchen sink at a close friends house. This RUVATI workstation sink and included accessories is outstanding. Not only is the sink practical, and functional, it is absolutely gorgeous. I am amazed at how much more space this sink provides in width and depth, even though the outer dimensions are exactly the same as our old sink. Not only is the sink itself exceptional, the added accessories are incredibly useful and the quality of the materials and construction is excellent. The plumber who installed our sink was so impressed with the quality and practicality of the sink and all of the included accessories, he asked me for the specific RUVATI make and model number (RVH8424) along with where I purchased it because he wanted to buy one to install for his parents! The RUVATI sink, coupled with the BRIZO LITZE "Smart Touch" articulating kitchen faucet (64143 -LFPC) I chose provided a modern, updated look, and functionality to our kitchen. I know it sounds funny, but I love to cook and this RUVATI workstation sink is FUN to use! It also drains water very well, and it is a breeze to clean. The RUVATI RVH8424 definitely lives up to the glowing professional and owner reviews that I read before making my decision. It was worth every penny.

Love it!

Love it! It looks amazing in my kitchen, the accessories are top quality and functional. My neighbor said she has kitchen envy! I am so glad we purchased this sink. My daughter purchased one too.

Love the rounded corners

When my husband and I built our dream home, we knew a high-quality workstation sink was essential for our kitchen. After extensive research and reading countless reviews, we confidently chose the Ruvati workstation sink, mainly for its beautifully rounded corners and unmatched value. This sink has truly elevated our kitchen experience—not only is it incredibly easy to clean, but the included accessories like the drying rack and serving bowls add both convenience and versatility. I can honestly say this purchase exceeded my expectations, and I wholeheartedly recommend it to anyone seeking both style and practicality in their kitchen.

Great sink for a great price

Great sink! Nice size, so many additions come with it. My only complaint is how easily it gets water stains. I can't get them off and I've only had the sink for about 2 months.
