Customers say

Customers find the ceiling light fixture easy to install, with one noting the mount plate's side flanges make it simple to screw on the cover. They appreciate the zoom feature, with one customer highlighting its ability to focus into a tight or wider beam. The fixture offers three color options, and customers find it perfect for golf simulators, with one mentioning its 20w power is ideal for the purpose.

These lights (in both flush mount and track mount) are very nice. The three adjustable color positions are sufficient and the zoom works well. The flush mounts come with snap connectors instead of wire nuts which is a nice change and the mount plate has side flanges to screw the cover onto easily. On the

The perfect spot for shining a little light where you want it

Reviewed in the United States on January 16, 2026

Color: White Wattage: 20.0 Watts Number of Items: 1 **Verified Purchase**

I'm using this little guy to beam light on a column still so my patrons can see the distillation at work. It throws the perfect amount of light into the sight glass so I can describe what's happening and they can actually see it instead of taking my word for it. **The zoom function worked as intended and the colors available are all crisp**

Someone finally got it right!

Reviewed in the United States on February 27, 2024

Color: White Wattage: 20.0 Watts Number of Items: 1 **Verified Purchase**

Installation was a snap even though a nontraditional low clearance ceiling box was already in place. Loved the easy to use wiring harness. Love the choice of light hues. Love the zoom in/out feature. Nothing to dislike! Be sure to use the recommended dimmer!
